

# WHAT IS THE ULTIMATE KERATIN LASH LIFT AND WHY IS IT DIFFERENT FROM THE REGULAR ELLEEBANA LASH LIFT?

**The difference is the advanced aftercare allowing you to get re-lifted faster than before at 6 weeks!**

**YOU GET TO CHOSE EITHER OR BOTH!**

At Elleebana, lash health is paramount and of the utmost importance. They have been specialising in lash and brow enhancements for 25 years and believe lash health can only be achieved with a combination of product innovation, state of the art training with safe treatment practices and **home aftercare**. One of the huge benefits of using the Elleebana system is incorporating the advanced Elleeplex system to restore the integrity of the eyelashes to give optimal results when performing lash lift services.

## Elleplex Advanced Aftercare- Clear Mascara

Make Lash Magic Happen With Elleplex Clear Mascara — a lash serum by Elleebana! If you have been searching for a lash serum, experience the difference in our Elleplex Clear Mascara.

- Enriched with nutrients that support lashes;
- Protects lashes;
- Supports ultimate lash growth;
- Abundant in natural oils;
- Color: clear.

Proteins, amino acids and vitamin complex ingredients (keratin, allantoin, panthenol) enrich this lash product. It has a special formula that helps restore proteins and speed up cell generation. Moreover, it increases potassium channels in the cells and also increases moisture levels to the hair.

This lash serum includes sunflower oil extract, an antioxidant that helps protect the hair and above all it gives longer lasting results with lash and brow tinting.

## Lift your lashes to new heights with the Elleevate Lash Lift Mascara!

Elleevate Lash Lift Mascara by Elleebana has been designed as an everyday mascara that can be worn on lashes with or without a lash lift. This specially formulated mascara partners with a lash lift treatment and is gentle enough to be applied immediately after a lash lift in the salon. Elleevate mascara enhances the effect of a lash lift beautifully and glides on lashes with no clumping – just gorgeous lash enhancement.

Elleevate contains naturally occurring Keratin complex – Keratin is a strengthening protein that is naturally found in skin, hair and nails.

Keratin's job is to protect and strengthen the natural lash while your client wears Elleevate.

Essential Amino Acids Arginine and Biotin play the important role of healing and strengthening which speeds up the repair time and promotes healthy growth of lashes.
